Request/Question:

How do we create a uniform countywide approach for developing contracting/procurement policies and procedures that can help the county achieve its strategic plan goals, such as equity?

Response:

This question mirrors Sonoma County's Five-Year Strategic Plan objectives for "Organizational Excellence" and "Racial Equity and Social Justice." A specific Implementation Plan is being developed (Ref# OE-1.5) – Align procurement and grant guidelines with strategic priorities and racial equity principles. Staff are developing an implementation plan on this objective and will provide updates via the Strategic Planning process.
