6. Coordinated Entry System Transition Plan

Assistant Director Tina Rivera reported on Coordinated Entry System (CES) operator changes. In the 2013/14 CoC Competition, the CoC approved an application with the Community Development Commission to receive CES funding. In 2014, the Community Development Commission posted an RFQ for interested parties as CES Operator. The CDC selected the only applicant, Catholic Charities. Per HUD TA, since the CDC selected the Operator as part of its grant, the CDC can delegate a new sub-recipient as part of previous practice.

SCCDC is currently working on a transition plan to bring CES operations into the County. The new operator will be the County's ACCESS Interdepartmental Multi-Disciplinary Team (IMDT). The rationale for this came from the 2019 CES Evaluation completed by HUD-assigned Technical Assistance (TA). TA found a perceived conflict of interest with non-profit provider managing the system for referrals and a lack of clarity between roles of Sonoma County Community Development Commission (SCCDC) and Catholic Charities.

This change to a non-conflicted entity to manage and maintain accountability of the system should eliminate potential conflicts between homeless services providers. Catholic Charities as the CES operator has had to maintain accountability of system referrals, putting the organization in a position of attempting to hold their peers accountable for referral rejections.

Board Comments:

Board wanted further clarity on using input from providers and a presentation on the IMDT team. Board recommends an RFP to request proposals to run Coordinated Entry program. Assistant Director Tina Rivera suggested that if this is HUD TA guidance, staff will seek confirmation around an RFP.

Board requests an RFP for the next Coordinated Entry lead agency.

7. Review of items for February 24 CoC Board Meeting & March 18 Quarterly Membership

Leah Benz shared there will be a HUD TA 2-hour training February 3rd and February 9th and board members should select one to attend. Leah also shared the proposed quarterly membership meeting items. The Board reviewed the draft agenda for 2/24 and gave input including adding a ten minute break in the meeting and to increase number of meetings.

8. CDC Website Review (Tentative)

This item was removed as the website is not ready.

9. Staff Report

Michael Gause shared a brief update on the non-congregate shelters (NCS) and Project Homekey. The federal government will have a 100% NCS shelter reimbursement. There are currently 172 people staying indoors at NCS Sites.

10. Board Member Questions and Comments

Tom Schwedhelm brought up a Santa Rosa community neighborhood group asking if the CoC Board approved Project Homekey based on a letter indicating approval. CDC as a lead agency may approve items as the Housing Authority, but letters of support from the CoC Board need to be approved by the Board. Michael Gause shared the letter was written in error and had no effect on the outcome of Project Homekey sites.

Ludmilla Bade shared gratitude for West County Health Centers work in West County and Catholic Charities. Shelter residents want to contribute more to the work of the CoC.

11. Public Comment on non-agendized items

The following members of the public made comments during this time:
